OTTINGS
OF
TOWN AND
DISTRICT

Local News.

You have a sidewalk! Well help your neighbor get one by your vote on Friday.

A. A. Cook, of Manville, is spending part of his vacation with old Ponoka friends.

Mr and Mrs Ruben Smith are on a vacation. Are visiting in Edmonton and other points.

Mr and Mrs Cliff Fleming and family are visiting with relatives in town and district.

Miss Meta Hills, of Edmonton, is spending a few days with Mrs (Dr) Graham.

Miss Gertrude Smith, of Red Deer, is visiting with her sister, Mrs J. G. LaFrance.

Mrs Matheson Murray, and son, of Glasgow, Montana, is visiting with her sister, Mrs Colin McDonald.

Miss Vogt, of Seattle, Washington, who has been visiting with her sister, Mrs H. McLaren, left for her home on Monday.

Miss Lillian Archibald left on Monday for Calgary, where she enters on her position as supervisor of the Domestic Science schools of the city.

Rev. Mr Winchester, wife and daughter, of Toronto, spent a day with Mr and Mrs T. J. West while enroute home from California.

Harold Clark, of the Bank of Commerce staff, Staveland, is spending his vacation with his relatives in town and district.

G. Brandt, of Brainerd, has purchased three quarters from T. McKelvey. The land is situated in the Manito district, some twelve miles north of Ponoka, and is exceptionally fine. Mr McKelvey received a good price.

Word has been received from M. G. Neff that they are comfortably located in Los Angeles, Cal., where they will make their home.

The recent issue of the Alberta Gazette gives the information that A. D. Crawford has been appointed a commissioner for cattle.

Ronald Harvey Watt and Reginald Westgate, Ponoka, and Ziliana Louise Gougeon, of Arden Park, were among the successful students in the Grade VIII. examinations.

It might be advisable to mention that the Ponoka school fair will be held on Monday, September 18th. It is expected that there will be large entries from the various schools adjacent to Ponoka, and that they will make a good showing in the contests.

Tuesday morning a farmer called at the Herald office and gave the information that he has potatoes that they will make a good showing in the contests. In case others try to spring the same yarn, let us be frank and say that the proof must be produced before credence is given. This, of course, includes potatoes, cabbage and corn beef, if you will; or anything in general.

Do not be hogish; share the sidewalk benefits by your vote on Friday.

AYLWIN.—On Saturday, August 19th, to Mr and Mrs W. E. Aylwin, a son.

BUCHANAN.—On Tuesday, Aug. 22nd, to Mr and Mrs J. Buchanan, a daughter.

JONES.—On Saturday, August 19th, to Mr and Mrs Carl Jones, a daughter.

FORBES.—On Tuesday, August 15th, to Mr and Mrs W. Surge, a daughter.

SCHULTZ.—On Sunday, August 20th, to Mr and Mrs Geo. Schultz, a son.

Miss Meta Hills, of Edmonton, will sing at the evening service, Union church, on Sunday.

On Friday evening the Beatty ball team will visit Ponoka diamond. The game will start at 6 p.m. sharp. A good game is looked for.

The fair has been a success in every respect. Over a thousand entries were on the ground, the vast majority being local. The display of live stock was good, and the sports were keenly contested.

The heavy rains experienced of late has somewhat retarded harvesting operations, and is a bit detrimental to say that it is down, but nevertheless the moisture is welcome, and is not only beneficial to pasture but help fall plowing very materially.

The creameries are doing a good business, and the farmers are taking full advantage of them. It is remarkable the number of cars that are being utilized in bringing the cream to the factories. Present prices are—special 32c, No. 1 29c, and No. 2 26c.

This year Ponoka is enjoying its greatest building boom in any year of its history. Outside the two large creameries, something over a dozen residences, of a very substantial nature, have been erected, or are in course of erection. This will relieve the situation somewhat, but nevertheless the demand for houses to rent is very great, and many families are unable to locate in town for want of accommodation. Building prospects are said to be good for next year, and there should be a large addition to our population in the near future. Our town and district warrants this.

A good deal of grain has been cut in this district, and from all accounts the farmers are in no ways disappointed. It is what might be called a "patchy" crop. Some districts have good crops, while in others it is poor. The season considered, there is much to be thankful for.

Special offer of Photographs—\$2.00 to \$5.00 per dozen—two months only, August and September—B. S. Cameron, Photographer Ponoka and Lacombe. Ponoka Studio open every Saturday afternoon.

No more tincture of orange, not even of bitter orange, and no more tincture of lavender or ginger, and no more hot and iron wine may be sold in the province of Alberta, orders in council to this effect having just been put into operation. This is another step in the "up-lift." Next it will be to stop the growing of prunes, dandelions, salsolons, clubmoss, turnips, raspberries and blackberries, and a hundred and one different kinds of fruits and herbs, all of which can produce a delightful "kick," and which is being made in our homes and private nooks by young and old, male and female, daily. Whether we like it or not, and whether the majority of the people decide against the use of liquor, and would compel others, by law, to do likewise, it looks as if it would just be as easy to stop the tides of the ocean as to overcome this home-brew business. The fact is—if man wants intoxicants, man can get it, or make it. And so the world moves on.

Second round of the "Leather Pushers" will be shown at the Empress on Friday and Saturday along with O'Malley the Mounted, featuring Bill Hart.

Good meals, clean comfortable rooms, and good service can be had at the Alberta Hotel, under new management.

Mrs JAS. B. BEATTIE, Prop.

Precautions Are Taken To Protect Mines By Nova Scotia Government

Halifax, N.S.—Hon. H. E. Armstrong, Minister of Mines and Public Works, announced that the Nova Scotia Government had decided to man the pumps of the Nova Scotia mines threatened with water. They will work under the protection of the special provincial police, who will have the power to call in the militia. Mr. Armstrong said the Government was taking these steps in order to protect public property.

A provincial police force of 1,000 men will be organized to protect the pumpmen in the Nova Scotia mines, said Mr. Armstrong. His sole purpose will be the protection of public property and maintenance of law and order, he said. Proclamation have been issued under the new law jurisdiction in the Glace Bay, New Waterford and Dominion and South Cape Breton county areas, where the collieries are declared to be falling within the law.

Lt.-Col. Eric Macdonald, of Wolfville, N.S., has been appointed commissioner of the provincial police and will start recruiting in Halifax. The men will be stationed in groups, and each group of about 15 will have a master with them who will have the power of reading the Riot Act and of calling in the aid of the militia.

Asked who would man the pumps, Mr. Armstrong said it would probably be done by company officials or perhaps some of the mine men would be in order to protect the mines. There was no question of strike breaking, he said, nor of the Government protecting public property. The

SERVICES OF SIMPLICITY AND BEAUTY MARK BURIAL OF LORD NORTHCLIFFE

London.—Viscount Northcliffe, England's foremost publisher, was laid to rest in St. Mary-at-Bone cemetery in Finchley, with services of such simplicity and beauty as have rarely been witnessed in Westminster Abbey. Seldom has the last tribute to any Englishman whose position was wholly personal and unofficial gathered such an assembly. The Dean of Westminster unanimously expressed his regret when he requested Lady Northcliffe to permit the rites to be conducted in the Abbey. The great company of eminent people gathered in the famous edifice, as well as the crowds of hangers-on in the street outside, gave testimony of this.

The service was arranged by Canon Cartwright. The opening sentences of the burial service, "I am the resurrection and the life," were sung in procession to Crot's music, followed by the Psalm "Lord, thou hast been our refuge."

The lesson was from 1 Corinthians 15:51, "Behold I show you a mystery." Then following two hymns the service was concluded with a sixteenth century psalm.

The "Dead March in Saul" was played, and as the body of the late Lord, Chippendale's funeral march, the funeral procession wound its way to St. Mary-at-Bone cemetery in Finchley, a northwestern suburb of London.

The United States ambassador, George Harvey, was among the list of mourners, chief of whom were the widow, Viscount Northcliffe's aged mother, and six ladies, including Viscountess Northcliffe, Cecil Harcourt-Smith, Sir Robert L. Harcourt-Smith and Hildebrandt Aubrey, Sir John and Sylvia Grey, Lord and Lady Northcliffe, and others.

Plan Ways And Means To Assist Farmers In Marketing Grain

Regina.—The Federal Government might assist farmers by calling a conference of bankers to determine how best to enable farmers to hold their grain long enough to prevent the full fall price of the market with its consequent falling of prices.

This in effect is the suggestion by Premier Charles A. Dunning to the Wheat Board now that the latter has fallen through asking for further suggestions from both Alberta and Saskatchewan governments.

At the same time Mr. Dunning announced that he could call another conference this fall of creditor classes other than bankers with a view of securing their cooperation by extending leniency to farmer debtors. Mr. Dunning pointed out, however, that the banks come within Federal jurisdiction, and to come to any agreement with the banks would entail mediation by Dominion authorities.

Forest Fires Spread Havoc

Duluth, Minn.—Ten known dead, hundreds of persons homeless, at least two towns wiped out and dozens others in imminent danger, was the appalling toll of a series of forest fires which swept Northeastern Minnesota, causing the worst conflagration since 1918, when 400 persons lost their lives. All the fires are said to have resulted from amoussing peat beds which were whipped into raging furnaces by a strong wind and spread to nearby forests.

Has Not Marred

Canadian Cheese Trade

Dover Affair Has Been Entirely Forgotten in England

Ottawa.—The analyst found nothing to indicate that the cheese was the cause of the illness, and the illness itself was not in any case serious. This statement was made by J. A. Radcliff, Dairy Commissioner, in a just back from an official trip to Great Britain, in regard to the report that some Canadian cheese had caused the sickness of a number of residents of Dover.

Mr. Radcliff stated that as soon as he learned of the report, he had it thoroughly investigated. "The matter," he "apparently attracted more attention in Canada than in the Old Country. The case has been entirely forgotten there, and has done no harm to the trade in Canadian cheese."

American Judge Is Suspicious

Thinks Many Canadians Obtaining Divorces in Detroit Evading Law

Detroit, Mich.—Convinced that hundreds of Canadians are obtaining divorces in Detroit every year, an American judge is suspicious. He is not satisfied that the divorcees are not simply representing themselves as being Canadian, and he has ordered Edward Burrows, clerk to the court, to investigate the residence of every Canadian who also sues for divorce.

"I will not grant a decree in an American case until Mr. Pohorny assures me that one of the parties has really lived here two years as required by the statute," said Judge Richter. "So many suits are being filed by Canadians that it has made me very suspicious."

Reparations Body May Be Discontinued

Rumors that British Member is About to Resign

London.—Possible disintegration of the reparations commission is foreshadowed in a Paris dispatch to the Times, which alludes to rumors that the British member of the commission, Sir John Bradbury, is about to resign.

It is common property, says the dispatch, that Sir John will cease his connection with the commission in November and he may not be easily persuaded to remain. In such case, it is added, there probably will be other resignations, and it will be impossible to keep the commission in existence very long.

Indian Village Bombed

Sims, British India.—In retaliation for an attack on a member of the Royal Welsh Fusiliers, near Jowah, three fighting planes flew over the village of the tribesmen and dropped heavy bombs. Three persons were killed and two wounded, four houses were wrecked, a large area of crops was damaged, and a number of cattle were killed.

Three Hurt in Mine Accident

Glouce Bay, N.B.—William Cameron had a leg broken, George McNeill received injuries to his head, and Daniel Macdonald was badly shaken, when the car in which they were going to descend into No. 2 mine at New Aberdeen went up instead of down and struck violently against the head of the cage shaft. Safety catches prevented it from plunging to the bottom of the 500 foot shaft.

HE WOULDN'T SAW THE WOOD

HE CAN'T BE VERY HUNGRY IF HE'S NOT WILLING TO DO A LITTLE WORK

WESTERN EDITORS

Aid In Financing Crop

President of Canadian Bankers' Association Asked to Assist

Ottawa.—In response to the request of Premier Dunning of Saskatchewan for the calling of a conference with Canadian bankers by the Federal Government, Hon. W. S. Fielding, has agreed along the suggestion of Premier Dunning to Sir Frederick Williams-Taylor, head of the Canadian Bankers' Association, asking that the bankers meet representatives of the western provinces to try to arrange means of financing the 1922 crop.

Agree With Premier Poincare

Stand Taken at London Conference is Approved by French Cabinet

Rambouillet, France.—Sitting under the presidency of President Millerand, the French Cabinet at its session here gave unanimous approval to the attitude taken by Premier Poincare at the recent conference of Allied Premiers in London, and also discussed the question of a moratorium for Germany.

On the matter of a moratorium, it was decided to await the forthcoming decision of the Reparations Commission, but plans were perfected regarding the measures to be adopted should the decision of the commission fall to agree with the French viewpoint.

Another decision arrived at was that for the time being, no further need not call an extraordinary session of Parliament, so that the deputies and senators might be acquainted with the exact situation of the programme of the Government. Freedom of action was reserved, however, to consult with Parliament in the event that the plans adopted should require legislative endorsement.

Resents Criticism Of American Surgeon

Canadian Should Standardize Canada's Hospitals, Says Dr. McKewen

Toronto.—"If it is necessary to standardize the hospitals in Canada, it should be done by someone in Canada. This was the reply made by Dr. Walter McKewen, of St. Michael's Hospital to a criticism of Ontario hospitals made by Dr. M. T. McEachern, director of the American College of Surgeons."

Dr. McKewen continued: "We have too much to the Americans and to such institutions as the Vanier and Rockefeller Foundations."

Death of Former C.P.R. Official

Winnipeg.—William C.P.R. Official, Winnipeg, 60 years of age, 60, formerly assistant to the second vice-president, Canadian Pacific Railway, died at his home here. Dr. Cross was a native of England, coming to Canada in 1863. He was for many years connected with the mechanical department of the Montreal shops, and on his transfer west handled mechanical matters for western lines. After 40 years' service with the C.P.R., Mr. Cross was superannuated in 1901.

Jewish Orphanage Burned

Montreal.—Twelve persons perished in the fire which destroyed the Jewish Orphanage at Shawville, Quebec. The victims were inmates, the others being the janitor, his wife and their two children.

New South Wales Immigration

London.—The Government of New South Wales has agreed to the principle of the immigration scheme under which the Australian Commonwealth Government, New South Wales and Great Britain each pay a third of the cost of bringing out and settling from the United Kingdom 100,000 New South Wales, says a Reuters despatch from Sydney.

French Air Ace Injured

Clement-Ferrand, France.—Gilbert Sander, the French "ace," who during the war was downed in Germany, was badly injured when in Clement fighting triplane competing in the international gliding contest here. New South Wales, says a Reuters despatch from Sydney.

Mount Robson Scaled

Edmonton.—Windor Putnam, of San Francisco, with Jack Hargrave, Canadian guide, reached the peak of Mount Robson recently. This is the second time in history that Mount Robson has been climbed. It is the highest peak in the Rockies.

Railway Board Itinerary

Ottawa.—Arrangements have been completed for the fall itinerary of the Board of Railway Commissioners. The following is the itinerary: Quebec, September 4; Saskatoon, September 9; Edmonton, September 11; Jasper, Alberta, September 12; Lucerne, B.C., September 12; Hinton, B.C., September 13; Victoria, September 18; Vancouver, September 19; Kamloops, September 20; Nelson, September 21; Lethbridge, September 22; Calgary, September 23; Regina, September 30; Winnipeg, October 2; Fort William, October 4.

Aid In Financing Crop

President of Canadian Bankers' Association Asked to Assist

Ottawa.—In response to the request of Premier Dunning of Saskatchewan for the calling of a conference with Canadian bankers by the Federal Government, Hon. W. S. Fielding, has agreed along the suggestion of Premier Dunning to Sir Frederick Williams-Taylor, head of the Canadian Bankers' Association, asking that the bankers meet representatives of the western provinces to try to arrange means of financing the 1922 crop. The conference will be held in Ottawa, and it is expected that it will be arranged directly between Premier Dunning and Premier Poincare. It is understood that the Federal Government will not be bound by a party to it unless an occasion arises making it necessary that the Minister of Finance take some action in the matter. The request of Premier Dunning was considered with other matters at this afternoon's meeting of the Cabinet Council and the feeling of the Government, it is understood, was that more would be gained by placing the matter before the Finance Committee of the House of Commons, and the western provinces for their conference than by the Federal Government trying to act as an intermediary.

Dublin Silent While Leader Is Buried

All Activities Suspended During Funeral of Arthur Griffith

Dublin.—Ireland buried another of her distinguished sons. Arthur Griffith was laid to rest in St. Michael's Church, Dublin, yesterday. The city was silent while the funeral of the Irish leader was being held. The funeral was a grand affair, and the streets were lined with people. The coffin was carried by a large number of men, and the procession was led by a band. The funeral was held in the afternoon, and the city was in mourning.

Employment Increasing

Improvement in Labor Market Is Very Perceptible

Ottawa.—"The volume of employment is increasing," says the optimistic view expressed by R. A. Rice, newly appointed director of the Department of Labor.

"Business is recovering unequally," he said. "We have touched the bottom of the depression, and have begun to climb. We cannot expect to reach the top suddenly, but we are facing the right direction. The improvement in the labor market, though gradual, is very perceptible."

Mr. Rice said that the volume of employment is increasing, and that the labor market is improving. He said that the volume of employment is increasing, and that the labor market is improving. He said that the volume of employment is increasing, and that the labor market is improving.

Troops Demobilized

Columbus, Ohio.—Ohio National Guardsmen sent to the various Ohio coal fields during the strike, were ordered returned to their armories and demobilized by Governor Davis.

Every dollar spent in your home town is a boost for the community.

No Immediate Sign Of Settlement Of The Railway Wage Dispute

Cattle Men Appeal Against Tariff Duties

Claim High Rates Hurt Trade Between U.S. and Canada

Washington.—Believing they will be greatly harmed by the emergency tariff duties on cattle and the cattle duties proposed in the new tariff bill, Western Canadian cattle growers have sent individual letters to more than 30,000 United States farmers urging a change in the rate. The Canadian cattle men have also applied to the Senate Finance Committee, House of Representatives Committee on Finance, and the Finance Committee of both Houses of Congress.

The Canadian cattle men seek to show the high rates do not benefit United States farmers, and even actually hurt them by shutting off from the United States desirable "cattle" which could be fattened in the United States to the advantage of the farmers in this country. Further, the Canadian cattle men point out that the high rates existing between the United States and Canada would be a serious barrier to the trade between the United States and Canada.

Ontario's Provincial Bank

People Have Deposited One Million in Six Weeks

Toronto.—The province of Ontario Savings Bank has written an encouraging report on the business in the first six weeks in operation. It has received more than 1,000,000 deposits, and the business is growing rapidly.

Mr. Crilly stated that the new payroll, in accordance with the agreement, would be made out as soon as possible. The condition of the payroll was subject to a reservation that it would not prejudice the contention of the company that the reduction in wages dated back to July 26. President A. H. Mosher, of the brotherhood, was in view of the concession of the company had proposed a decrease in wage it should justify it. However, when Mr. Crilly objected that the application for the board had been made by the brotherhood, Mr. Mosher consented to the view of the concession of the company in regard to the suspension of the wage cut, not to press the matter and opened the case for the employees.

Disastrous Fire At Barons

Post Office, Postmaster's Residence and Adjacent Store Destroyed

Calgary, Alta.—A special destruction to the Herald, from Barons, Alta., says: Fire completely destroyed the post office, residence of the postmaster, and the Barons Implement Company's warehouse and store.

The implement store and stock was valued at \$50,000, very little insurance being carried. The post office and residence of the postmaster, Andrews, were valued at more than \$30,000, and were fully covered by insurance.

Officials Defying Chinese Government

Peking.—The attempt to revive postal service in China is in the verge of collapse, according to a survey of conditions brought to a survey of the foreign legation.

The foreign legation, says a Reuters despatch from Peking, is openly defying the Chinese government, cabinet minister are expected to assume the responsibility of the post, the treasury is empty, and civil employees, unpaid, have quit their jobs.

Exchange Four For Welsh Coal

London.—The Welsh Coal Milling Company has agreed to take a load of four to Wales, noon, and on returning the cargo will consist of Welsh coal, the value of which will be four times the value of the fuel situation. The matter was being heard in the City Council meeting this afternoon. The Imperial Coal Company is commended for its efforts.

Interest In Question Of Empire Naval Defence Is Again To The Fore

London.—Interest in the question of Empire naval defence is increased by the announcement of Premier Massey of New Zealand that, if Massey's plan, New Zealand will make a contribution next year, and annually after that, of half a million pounds sterling, towards the maintenance of Empire naval defence.

Support by the Dominions to Empire naval defence dates from 1905, when the Australian colonies voted a subsidy of £125,000 per annum for the maintenance of an Australian fleet. The Australian contribution was in 1902 increased to £240,000, and that of the Cape to £50,000, while Natal voted £25,000 a year, and Newfoundland £3,000. Australia began in 1904 the construction of its own navy, consisting chiefly of a torpedo boat flotilla. About the same time Canada wrestled with two plans, one calling for the construction of a Canadian navy and the other for a money contribution to the Imperial navy. Nothing tangible resulted until after the

Interest In Question Of Empire Naval Defence Is Again To The Fore

British Government came into power in 1911, when a measure was put forward by the Commons providing for a gift of three battleships to the Empire. The measure was killed in the Senate.

The Great War shelved the question for the time. The Imperial naval cooperation was necessary for cooperation between the nations, and the determination of the Parliaments concerned that any recommendation thereon should be deferred until after the Washington Conference.

The Washington Conference on disarmament, the Imperial naval cooperation was necessary for cooperation between the nations, and the determination of the Parliaments concerned that any recommendation thereon should be deferred until after the Washington Conference.

THE HERALD.

Published Every Thursday, 1922

By-Law No. 204

A BY-LAW OF THE TOWN OF PONOKA, in the Province of Alberta, to authorize the Municipal Council of the Town of Ponoka, of incising an indebtedness on behalf of the said Town in the sum of \$1000.00 for the purpose of constructing wooden sidewalks on certain streets in the said Town, and to provide for the assessment and collection for the amount necessary to pay off the said indebtedness.

WHEREAS the sum of \$1000.00, in the opinion of the Mayor and Council of the Town of Ponoka, is required for the purpose of constructing wooden sidewalks in certain parts of the Town, more particularly described in Schedule 'A' hereto annexed, which sidewalks forth the location, length, width and material to be used in said proposed sidewalks; AND WHEREAS, it is advisable that debentures be issued to raise the sum of \$1000.00 on the credit of the said Town of Ponoka, and that the whole cost of said improvements be borne by the said Town;

AND WHEREAS in order to construct such sidewalks and purchase the lumber required therefor, it will be necessary to borrow the sum of \$1000.00 from the credit of the said Town by the issuing of debentures of the said Town as hereinafter provided, the proceeds of such debentures to be devoted exclusively to the purpose hereof and for that;

AND WHEREAS it is expedient that the said loan and debentures be secured by the same rate of interest of 6 per cent per annum and be paid in 10 equal annual instalments of principal and interest;

AND WHEREAS the value of the realizable property of the Town of Ponoka, according to the last revised assessment roll, is the sum of \$20,548.00;

AND WHEREAS the total amount of the existing debt of the Town of Ponoka outside of debts due for current expenses is the sum of \$8055.22 for principal and interest as of the 31st day of December, 1921, not including school debentures indebtedness;

AND WHEREAS the special rates to be levied and collected in each year to pay principal and interest is \$51.18;

NOW THEREFORE THE COUNCIL OF THE TOWN OF PONOKA ENACTS AS FOLLOWS:

1. It shall be lawful for the Council to take the sum of \$1000.00 for the purpose of constructing the said wooden sidewalks in the said Town of Ponoka according to the said Schedule 'A' hereto annexed.

2. That the said sum of \$1000.00 be raised by way of loan on the credit of the Town of Ponoka.

3. That debentures of the Town of Ponoka be issued for the sum of \$1000.00 payable in ten equal annual instalments of principal and interest from the date of the by-law taking effect; said debentures to be secured by the same rate of interest of 6 per cent per annum, and be paid in 10 equal annual instalments of principal and interest on each debenture respectively; the said interest to be computed at the rate of 6 per cent per annum.

4. That the debentures shall be payable at the Bank of Montreal, Ponoka, Alberta, in Canadian currency.

5. That the said debentures shall be signed by the Mayor and Secretary-Treasurer of the Town of Ponoka, and that the said coupons shall be signed by the Mayor and Secretary-Treasurer of the Town of Ponoka.

6. That for the purpose of raising the said principal and interest as well as in each year according to the total value of the rateable property of the Town of Ponoka, and according to the last revised assessment roll, be sufficient to raise the said sum of \$51.18 for principal and interest in each year, and be levied and collected in each year, and be payable at the same time and in the same manner as other rates levied on the said Town, are made payable by statute, ordinance, or by-law of the said Town.

7. That the votes of the electors duly qualified to vote on this By-law shall be taken on the 25th day of August, A.D. 1922, between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon at the office of the Secretary-Treasurer of the Town of Ponoka, and that the said returning officer shall sit at the office in the afternoon of the said 25th day of August, A.D. 1922, at his said office until the vote for and against this By-law, is returned for the said election.

Dated and passed in Council this day of July, A.D. 1922.

Mayor

Secretary-Treasurer

I hereby certify the above a true copy of the proposed sidewalk By-law.

W. R. FERGUSON.

Returning Officer.

Chicago, Aug. 21. — Express train No. 30, en route from New York to Chicago, was wrecked with a loss of two lives near Gary, Ind., early Monday morning by the collision of two trains.

The wreck occurred at 27 miles from Gary, Ind., on the Chicago & North Western railway. The train, which carried no passengers, was traveling at a speed of more than 30 miles an hour.

When the heavy engine struck the rail from which the spikes had been removed it plunged along on the ties for some distance, and then turned completely over. The two engines were dead when removed from the wreckage.

New Sidewalks

Vote For The Bylaw

Tomorrow (Friday) the taxpayers will vote on a sidewalk bylaw. Surely this has only to be done to the attention of our citizens and every elector will record their vote.

To ask for a unanimous vote will be out of the question. Ponoka has always had trouble in voting money bylaws, and the reflection can be seen in the condition of our town—a town, comparing it with others, far behind in municipal improvements.

The sidewalks are in a deplorable condition, and need attention in the worst way; besides there are many who have been paying taxes year after year and never have enjoyed a sidewalk.

Let us have a great big majority recorded in favor of the bylaw. Vote early and often on Friday, and no one urges the council to go on with the work.

A CONCESSION TO HOME INVESTORS

In offering to renew the five and a half per cent Canadian Government bonds maturing December 1st at the same rate of interest as is earned by the maturing bonds, and allowing a bonus of 10 per cent of the interest, the Minister of Finance is making a material concession to the Canadian investor, as this rate is higher than was paid on the issue of Canadian bonds in New York. The high class of the security, which is the best in the world, can be offered in Canada, and the liberal rate of interest should lead to larger investments in these Dominion bonds. Attention is directed to the official advertisement giving details.

"Save the Surface"

Shagan is a great idea, but why go to the expense of trying to save the surface by having some specially made ready mixed paint done up your house, with a preparation that sometimes makes the Government chemist to determine just what it is. No mixed paint has ever been put on the market that compares with the proper amount of this. This work is done with Canadian Standard white lead, which makes the best of a little higher, but cheaper in the long run, because of its lasting qualities.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

THE KIDS LIKED MAMA'S ACTING

The unusual spectacle of tears in the eyes of screen artists while watching a picture in which they played important parts was witnessed at a New York theatre some time ago, and the performance of the William Fox production, "Over the Hill," the sensational New York screen success which came to the Empress Theatre on Monday and Tuesday, August 28 and 29.

It happened that Mrs. Carr, who plays the mother in the picture, which was made from Will Carleton's well-known poem—look her four kiddies (who also appear as her children in the picture) to see how they would like it "out front." The Carr children laughed gleefully at all the funny scenes in the picture, but when the story came to last part where the little mother is in adverse circumstances and is rescued from a life of toil and poverty by her "black alibi," it was noticed that all four of them were crying.

Stephen Carr, one of the boys, was the first to begin his weeping; he turned to his little sister Rosemary, who sat beside him, asking, "What in the world are you crying about?" Rosemary dabbed her eyes with a handkerchief before she replied: "Because Mama is just as sweet in the picture as she is in home."

Railway News

Port Cautlin, B.C.—On July 29 the city treasurer received \$10,000, the C. P. R. taxes, which were not really payable until August 31. There is jubilation in the City Hall for these taxes are the first paid since the expiry of the by-law fixing the flat rate.

St. John, N.B.—All the C. P. R. employees now living who served the recent war will have a token to commemorate their sacrifice in the shape of a "war scroll" which is a piece of work and is almost a copy of the large home tablet unveiled by the C. P. R. here on April 28, 1922. The scroll is signed by E. W. Beatty, President C. P. R., and E. Alexander, Secretary. The inscription on the scroll reads:

"In honor of duty nobly done. This scroll serves to commemorate that, while in the service of the Canadian Pacific Railway (the recipient's name appears here), relinquished his position in response to the call of King and country and served during the Great War 1914-1918."

The base of the scroll is set off by the names of the following battles: Ypres, Passchendaele, the Somme, Vimy, Hill 70, Passchendaele, Arras, Cambrai, Drocourt-Quaint and Mons.

Regina.—The Saskatchewan better farming train brought its highly successful tour to a conclusion recently, and Mr. Williams, agricultural agent of the Canadian Pacific Railway Company, expressed his belief that this train, the biggest yet organized, with the biggest attendance, also got bigger and better results than any of its predecessors.

"Many times," said Professor Winters, of the Animal Husbandry Department of the College of Agriculture, who was on the train through the whole trip, "will be built as a result of the visit of the better farming train."

Professor Potts, who was lecturing on dairying and who was in charge of the dairy exhibit car, stated that in the southern and eastern parts of the province there is a very noticeable increase in the interest taken in cow testing work, and one result of the tour of the train, he was convinced, will be that a very large number of dairymen will now adopt this method and many others, formerly doubters, are now convinced of the value of this system.

Lubrication, ignition and carburetor troubles were the chief matters upon which farmers sought the assistance of Mr. Johnson in the far, mechanized car, and he believed that an unprecedented number of motor cars benefited by bringing the problems for solution to the better farming train.

Both the household science and the forestry sections were very busy throughout the trip.

In the field husbandry car Miss Brayford's bees attracted considerable attention. This lady has kept bees for many years near Watford, and last year her output of honey reached well over 500 pounds.

J. H. Flintson, who was in charge of the poultry car, stated that there is a good deal of danger regarding the rotten fronted poultry house, some complaining that the birds from their combs. This, he said, was because the house was overcrowded, and the more hens there are the more moisture comes from the condensing trough. A hen's temperature is 106, and she can stand the cold perfectly well, as long as the air is dry. The rotten fronted poultry house, with insulated walls and properly ventilated, has been found absolutely satisfactory at the College of Agriculture.

The total attendance for the tour was 52,881, and surpassed the former record by 10%. The difference between this year and last year would have been many more had it not been for the fact that heavy rain spoiled the last day's attendance, when three meetings were scheduled. The average daily attendance was 1,681, and the total attendance was comprised of 9,275 men; 6,332 women; 13,971 boys and girls; and 2,699 babies.

WHERE ONE BLADE GREW

It is not always the best soil that yields the richest harvest. Much depends upon the man who cultivates the soil, and the measure of his success is the measure of his intelligent industry and thrift and ability to make the most of opportunity.

The successful farmer cultivates his money as carefully as he cultivates his land. He gets returns from his crops and he gets returns from his funds. This Bank in any part of the Dominion adds interest to the money saved by industrious farmers. Our nearest Branch is at your service.
